

“NOTHING ABOUT ME, WITHOUT ME!”

-South African Freedom Slogan

Since 2005, Lakeshore and La Vida have worked in partnership to provide culturally competent, holistic legal services to indigent battered women in Southwest Detroit.

Lakeshore is a non profit Legal Aid program and La Vida is- the Southwest Detroit Partnership to Prevent Intimate Violence Against Latina Women, which evolved in response to community concern about domestic violence and the lack of culturally competent preventive and support services for Latino women and men in Southwest Detroit.

Both agencies work to provide access to justice for battered women in our community so that nothing is decided about survivors without them.
